## REPORT:

A two days students' Seminar of the English Department Semester I Honours students was organised by the Department on 14<sup>th</sup> and 15<sup>th</sup> November 2019 in the academic session of 2019- 2020 in the presence of the Departmental teachers. The students were given specific topics to speak from one of the texts in their Syllabus. Since they have Book 2 from *Mahabharata* as one of the texts in CCI of their syllabi, they were provided theme oriented topics to speak and submit assignments also. A total of 32 students attended the Seminar on the first day among which 24 students were female and 8 students were male. On the second day a total of 31 students joined the Seminar with 23 female and 8 male students attending it. Some other teachers of the institution were also present during the event.

The objectives of the Seminar were to equip the new learners with various research oriented topics which can be obtained from any particular text. It was also to expose them to the concept of public speaking from an early age so that they could get the necessary participatory experience from the event.

It was indeed a successful event as the learners were fully engaged in the preparation of their presentation. The outcome was that the students came to know about the ICT tools, the proper methodological approach towards Seminar presentation and got acquainted with self study from new resources. This Seminar helped in the development of skills like problem solving and time management among the students. They also got an experience of team work and healthy competition among their peers. Moreover, after hearing a diverse range of topics on the same text, their horizon of knowledge was also expanded through this Student Seminar.

Since they have Indian Writing in English as one of the Course Papers (CC3) of their syllabi, they were instructed to speak and submit assignments on self chosen topics or texts from the Paper. A total of 26 students attended the Seminar among which 18 students were female and 8 students were male.

The objectives of the Seminar were to equip the learners with various research oriented topics which can be obtained from any particular paper and thus engage them in self- study for research oriented academic activities in future. It was also to expose them to the concept of public speaking from an early age so that they could get the necessary participatory experience from the event.

It was indeed a successful event as the learners were fully engaged in the preparation of their presentation. The outcome was that the students came to know about the ICT tools, the proper methodological approach towards Seminar presentation and got acquainted with self study from new resources. Some of them spoke on interesting topics like representation of history in *Clear Light of Day*, Nature and Indian culture as reflected in the poems of the particular Course Paper, colonial background of Govinda Samanta's text etc. This Seminar helped in the development of skills like problem solving and time management among the students. They also got an experience of team work and healthy competition among their peers. Moreover, after hearing a diverse range of topics, their horizon of knowledge was also expanded through this Seminar.

## REPORT

A one day Students' Seminar of the English Department Semester II Honours students was organised by the Department on 2<sup>nd</sup> April 2022 in the academic session of 2021- 2022 in the presence of available Department teachers. The students were given specific topics to speak from one of the Courses in their Syllabus. Since they have Indian Writing in English as one of the Course Papers (CC3) of their syllabi, they were instructed to speak and submit assignments on self chosen topics or texts from the Paper. A total of 26 students attended the Seminar among which 18 students were female and 8 students were male.

The objectives of the Seminar were to equip the learners with various research oriented topics which can be obtained from any particular paper and thus engage them in self- study for research oriented academic activities in future. It was also to expose them to the concept of public speaking from an early age so that they could get the necessary participatory experience from the event.

It was indeed a successful event as the learners were fully engaged in the preparation of their presentation. The outcome was that the students came to know about the ICT tools, the proper methodological approach towards Seminar presentation and got acquainted with self study from new resources. Some of them spoke on interesting topics like representation of history in *Clear Light of Day*, Nature and Indian culture as reflected in the poems of the particular Course Paper, colonial background of Govinda Samanta's text etc. This Seminar helped in the development of skills like problem solving and time management among the students. They also got an experience of team work and healthy competition among their peers. Moreover, after hearing a diverse range of topics, their horizon of knowledge was also expanded through this Seminar.

## REPORT:

A one day student Seminar of the English Department Semester IV Honours students was organised by the Department on 16<sup>th</sup> May 2023 in the academic session of 2022- 2023 in the presence of available Department teachers. The students were given specific topics to speak from one of the text in their Syllabus. Since they have Charlotte Bronte's *Jane Eyre* as one of the texts of their syllabi, they were instructed to speak and submit assignments on self chosen topics from the novel. A total of 28 students attended the Seminar among which 19 students were female and 9 students were male.

The objectives of the Seminar were to equip the learners with various research oriented topics which can be obtained from any particular text and thus engage them in self- study for research oriented academic activities in future. It was also to expose them to the concept of public speaking from an early age in the Under Graduate level so that they could get the necessary participatory experience from the event.

It was indeed a successful event as the learners were fully engaged in the preparation of their presentation. The outcome was that the students came to know about the ICT tools, the proper methodological approach towards Seminar presentation and got acquainted with self study from new resources. Some of them spoke on interesting topics like the representation of the mad woman in the novel, the Colonial undertones, the religious allegory etc that they could find in their reading of the novel. This Seminar helped in the development of skills like problem solving and time management among the students. They also got an experience of team work and healthy competition among their peers. Moreover, after hearing a diverse range of topics on a single text, their horizon of knowledge was also expanded through this Seminar.
