সংক্রান্ত সিদ্ধান্ত / RESOLUTIONS ADOPTED

The College has reopened after a long period of closure due to the Pandemic phase. It is the month of November and the members of the Gender Cell of Turku Hansda Lapsa Hajarun Mahavidyalaya has come together in order to chalk out their activities for the rest of the academic session (2021-2022).

A meeting of the available Gender Cell members took place in the chairmanship of the Principal and presence of the I.P.C. Coordinator and the following Resolutions were adopted:

- Minutes of the previous meetings are read and confirmed.
- The Sub Committee of the Gender Cell which was formed in the academic session of 2019-2020 will have the same members for its smooth functioning.
- Keeping in mind about the long gap created over this Pandemic phase, new plans will be made for arranging Sensitization and Awareness Programmes to engage the students in a progressive manner on Gender related issues.

Resolutions

- An awareness program in the academic session of 2021-2022 will be arranged for the students by the Gender Cell members in collaboration with the IQAC in order to sensitize them about the Vishaka guidelines and prohibition of any kind of sexual harassment in the College premises or at work.
- It will be an invited lecture by one of the faculty members of the institution.
- Dr. Brisati Chakraborty of the department of Sanskrit of this institution will be invited to talk about the necessity of maintaining a sexual harassment free campus and the clauses of the Vishaka guidelines in the program.
- The Convener of the Gender Cell will apply to the Principal seeking permission regarding the arrangement of this program and the IQAC will provide its full support in the above mentioned program.

REPORT

On the opening of the campus after a prolonged period of closure due to the pandemic it was necessary that an awareness program should be arranged with the **objective** of sensitizing the stakeholders of the institution about the possibility of avoiding any chances of sexual harassment arising within the institution. In view of this a sensitization and awareness program was organized by the Gender Cell of the College in collaboration with the IQAC on the topic of Vishaka guidelines. The invited faculty member for this event was Dr. Bratati Chakraborty of Sanskrit department. It was an online program arranged on the Google Meet platform on **22nd January 2022**. The program was attended by 40 members in the online mode among which 32 were students of the College.

The speaker elaborated on the importance of maintaining a harassment free ambience within the College to ensure the safety of students, teachers and non teaching staff. She highlighted about the zero tolerance policy of sexual harassment in the educational institution along with the process of handling grievances if any. The Vishaka guidelines were also briefly narrated in the vernacular by the speaker for spreading awareness about the prevention, prohibition and redressal of harassment related grievances particularly at workplaces.

The programme had an object related **outcome** as both the boys and girls attending it were greatly interested in the topic as most of the features were unknown to them. Being a sensitive issue, both the boys and girls had to be made aware about this and although in the online mode owing to the 'Omicron variant' in January 2022, it was an interactive and enriching session for all the participants.

Report:

A one-day awareness program on WBCS was organized by the Department of Political Science for willing college students under the guidance of IQAC and the direction of the head of the institution. After receiving permission from the principal a notice was circulated among the students to enlist the name of the participants for the program.

The entire program was divided into two sessions. All the faculties of the Political Science department were involved in the successful deliberation of the program. The principal of the institution was invited to commence the program in 1st half with his erudition on the subject of basic communication skills. The next session was a lot more interesting as the three faculties Jayanta Kumar Barman, Dr. Monalisa Ghosh, and Sanhita Samanta were able to give proper guidance to the students. The session included with the roles and responsibilities of WBCS officers, career opportunities in the civil services, exam preparation strategies, etc. After that Summarize of question-and-answer sessions took place. The participants were mostly motivated to sit in the exam after finishing their degree.

In the Valedictory Session, Dr. Suman Mukherjee, IQAC coordinator, THLH mahavidyalay finally concluded the program and expressed his sincere gratitude to all dignitaries, staff and students. He also explains the importance of the WBCS examination to the student.

Report:

An awareness program was organized by the Gender Cell of the College in collaboration with the IQAC to sensitize the students about the importance of girl education and the financial support that is provided by the government to ensure the progress of the girl child. It took place on 8th March 2022 and the invited speaker for the event was Mr. Amit Chandra Das of Physics department of the College. The program was attended by 37 students and 12 teachers from the College.

The **objective** of this program was to spread the awareness about the necessity of education for girls in a country like India particularly in the rural areas and also to inform about the various kinds of scholarships available to the girl child for fulfilling her dreams irrespective of her origin.

The speaker emphasized on the need to build a support system to encourage the girl child to aspire for quality education in higher educational institutions. His focus lay on how the educational institutions could work towards providing a safe environment for the girls enrolled in them. The other half of his lecture was about the various scholarships at State and National level like the Kanyashree Prakalpa in West Bengal. The Kanyashree Prakalpa K1, K2, and K3 are school and college level scholarships offered by the Department of Women Development and Social Welfare, for the girl students of Bengal aged between 13 to 18.

The **outcome** of this event was satisfactory indeed as other teachers also got involved in sharing their views on the necessity of proper education for girls to ensure a holistic development of the country and community. The participants were happy to know about the available support systems and realized the importance of their role as educated human beings in a civilized nation like India.

Subject: Request for Permission to arrange a meeting for conducting Awareness Program titled by "Trash to Treasure Drive" campaign and Survey on Reusable Waste

Respected Sir,

I hope this letter finds you in the best of health and spirits. As the Convener of the Green Campus Committee, I am writing to seek your permission to conduct a meeting aimed for observation of world Recycling Day by "Trash to Treasure Drive" campaign and raising awareness about the importance of reusable waste management among our college community.

The Green Campus Committee has been actively involved in promoting environmental sustainability within the college premises. We believe that educating our students and staff about the benefits of reusing and recycling waste is crucial for fostering a culture of environmental responsibility.

The proposed meeting will serve as a platform to discuss the various aspects of reusable waste, share best practices, and explore innovative ways to reduce our carbon footprint. Additionally, we plan to conduct a survey to assess the current waste management practices in our college and identify areas for improvement.

We request your support in granting us permission to use the college auditorium for the meeting on Mar 10, 2022 from 1.30 PM. We assure you that all necessary arrangements will be made to ensure the smooth conduct of the meeting, adhering to the college's guidelines and protocols.

Yours faithfully,

Conclusion Report and Outcome Of the Event

The Green Campus Committee successfully organized an awareness program on reusable waste management with active participation from students, faculty, and staff. The program aimed to educate and inspire our college community to adopt sustainable practices and reduce our environmental impact.

1. Engaging Sessions:

- ❖ The program began with an informative session on the importance of reusable waste. Participants learned about the environmental consequences of excessive waste generation and the role of individuals in mitigating these effects.
- ❖ Best practices for reusing materials, minimizing single-use plastics, and proper waste segregation were discussed.

2. Interactive Discussions:

- ❖ Attendees actively participated in discussions, sharing personal experiences and practical tips.
- ❖ Questions related to waste reduction, recycling, and composting were addressed by our expert speakers.

3. Waste Survey:

- ❖ The survey was distributed among participants to assess their current waste management practices.

Outcomes:

- ❖ Participants gained a deeper understanding of the impact of waste on the environment.
- ❖ Many expressed a commitment to making conscious choices to reduce waste in their daily lives.
- ❖ Students pledged to:
 - Use reusable water bottles and containers.
 - Avoid single-use plastics (straws, bags, etc.).
 - Participate in campus-wide recycling programs.

Conclusion:

The Green Campus Committee acknowledges the positive response from the college community. We are encouraged by the enthusiasm shown during the program and commit to the following:

- ❖ We will organize workshops to delve deeper into specific waste reduction strategies.
- ❖ Topics will include composting, upcycling, and responsible e-waste disposal.
- ❖ Monthly campaigns will reinforce reusable waste practices.
- ❖ Posters, social media content, and campus events will keep the momentum alive.

The Green Campus Committee extends its gratitude to all participants, speakers, and volunteers.

Report of the Programme:-

Patent System for Protection of Scientific Inventions

Speaker: Amit Chandra Das

Assistant Professor, Department of Physics, THLH Mahavidyalay

26/04/2022

In commemoration of World IPR Day, the IPR Cell organized a **Special Lecture on Intellectual Property Rights** on 26/04/2022 at 1.30 p.m. in collaboration with IQAC. 26 students along with teacher member of the cell were participated in the programme. In the Indian context, in 1856, the Act VI on protection of inventions based on the British Patent Law of 1852 was established. During this period certain privileges were granted to inventors of new manufacturers for a period of 14 year. In 1859, the act was modified as Act XV in which making, selling, using of inventions in India and authorizing others to do so for 14 year from the date of filing the specification. In 1872, the act was re-named as The Patents and Design Protection Act, in 1883 as The Protection of Inventions Act, in 1888 consolidated as The Inventions and Designs Act and in 1911 as The Indian Patents and Designs Act.

Through a patent, the government gives you, the inventor, the right to stop others from making, using or selling your invention from the day the patent is granted to a maximum of 20 years after the day on which you filed your patent application. Patent protection is granted for an invention, a product, or a process, which brings a new technical solution. The invention, which is to be protected by a patent, must be new, useful, functional, and innovative, i.e., solution, for which the patent protection is sought, should not be an obvious one.

As part of the three-stage frame to comply with TRIPS, India passed the Patents (Amendment) Ordinance, 2004. In section 2 of the Patents Act, 1970 definition and interpretation of Budapest Treaty was included. It means the Budapest Treaty on International recognition of the deposition of microorganisms for the purposes of patent procedure done at Budapest on April 28, 1977, as amended and modified from time to time. Section 3 of the Patents Act, 1970 relating to inventions where only methods or processes of manufacture patentable are omitted. The Act gave provisions for patenting a process as well as a product.

In section 7 of the Patents Act, 1970 the filing date of an application referred to in sub-section (1A) shall be considered as the international filing date accorded under the "Patent Cooperation Treaty". The sections 22, 23 and 24 dealing with acceptance, advertisement and effect of acceptance of complete specification are omitted. The sections 24A, 24B, 24C, 24D, 24E and 24F of the Patents Act, 1970 dealing with mainly Exclusive Marketing Rights are omitted indicating that a provision being made during the transition period. A new section 92 A, was introduced for grant of compulsory license for manufacture or export to any country, which has insufficient, or no manufacturing facility provided an application is made by the convention country.
