Subject: - Application for fee related issue

Sir,

We the students of this college have noticed that there are some differences in the fee structure of the different colleges under B.U with related to our college. In this situation some issues have been raised among us and they are as follows: -

1. Tuition fees: - Sir, we want to know the reason behind the vast difference between the tuition fees of Geography and other subjects. Since the teachers are Govt. employee, what is the need of Rs.110 per student monthly?
2. Covid situation: -due to covid situation at present, our financial condition is very poor. At this situation, B.U has declared 50% reduction in fees, so can this rule also be applied in our college?

So, we request you to think over the said matter for the sake of your students.

Thanking You
