Important note: Students studying DSEs offered by any Discipline other than His/Her Core Discipline will be treated as GE for Him/Her.

In a single core discipline program, the student shall Major in the core discipline. However, if he/she wishes to Minor in another discipline then he/she has to earn 28 credits from GE courses of the second discipline.

In four years, a student will study the following number of DSCs, DSEs and GEs:
 Total DSC papers : 20
 Total DSE paper options : 10 (minimum to be chosen is 4)
 Total GE paper options : 10 (minimum to be chosen is 4)

The student can Minor in another discipline, if he/she fulfills the following criteria:

Research Methodology shall be offered as one of the DSE courses in the VI and VII semesters. Students can opt for it either in VI or VII semester.
 However, a student pursuing multidisciplinary studies in three core disciplines is advised to choose research methodology in VI semester, as DSE of the discipline he/she wishes to Major in.

Important note: Students studying DSEs offered by any Discipline other than His/Her Core Discipline will be treated as GE for Him/Her.

In the fourth year (Sem VII and Sem VIII), students will study only one of the discipline i.e., either A or B or C in both of the semesters.

Total Credits = 132
Exit After Completing Three Years - Bachelor of (field of Multidisciplinary courses of Study) (for multiple core disciplines courses of study)

Honours Degree: To pursue an Honours degree in a field of multidisciplinary study, candidates will have to choose, in the fourth year, only one of the disciplines (either A or B or C). Candidates will have to study Two DSCs and Six DSEs in the chosen discipline in the VII and VIII semesters and write dissertation.

Major and Minor shall be awarded on fulfillment of the following conditions.
 Major -> 80 credits, Minor -> 28 credits

Example: B.Sc. Life Sciences programme with Botany, Zoology and Chemistry as core disciplines.
 Case I: He/She shall get Major in Botany, on successful completion of VIII semester, if he/she earns minimum 80 credits from Eight DSCs and at least Nine DSEs of Botany and writes dissertation in Botany.

Advice: Students are advised to choose the discipline in which they wish to Major and must study at least Three DSEs of that discipline in the first three years. Like in this example, student must decide earlier and study three DSEs of Botany in the first three years as only maximum of six DSEs are available in fourth year. Similarly, if the student want to minor in any of the remaining two disciplines, he/she should study one DSE of that discipline in the first three years.

He/She shall get a Minor in Zoology, if he/she earns minimum 28 credits from Six DSCs and one DSE of Zoology. Or He/She shall get a Minor in Chemistry, if he/she earns minimum 28 credits from Six DSCs and One DSE of Chemistry.

Case II: If a student doesn't do dissertation in Botany, but in other disciplines, say Zoology or Chemistry, or does Academic Project or Entrepreneurship, then he/she will not be awarded Major in Botany as he/she will be unable to get 80 credits. In such cases, he/she will be awarded B.Sc. (Honours) Life Sciences.
