## Criterion 7 - Institutional Values and Best Practices

### 7.1 Institutional Values and Social Responsibilities

#### 7.1.2 The Institution has facilities and initiatives for

1. Alternate sources of energy and energy conservation measures
2. Management of the various types of degradable and nondegradable waste
3. Water conservation
4. Green campus initiatives
5. Disabled-friendly, barrier free environment

Documents: Reports of activities for the implementation of the initiatives for session 2020-21

## Conclusion Report and Outcome Of the Event

The Plastic Free Day celebration was a resounding success, thanks to the active participation of students, faculty, and staff. The event aimed to raise awareness about the harmful effects of plastic pollution and promote sustainable practices within our campus community.

### Program Outcome:

1. Increased Awareness:
  - Through informative sessions, workshops, and interactive displays, participants gained a deeper understanding of the environmental impact of plastic waste.
  - Students learned about alternatives to single-use plastics and pledged to reduce their plastic consumption.
2. Behavior Change:
  - The Plastic Free Day encouraged students to adopt eco-friendly habits. Many committed to using reusable water bottles, bags, and containers.
  - Cafeteria staff implemented measures to reduce plastic cutlery and packaging.
3. Collaboration:
  - The event fostered collaboration among various campus groups, including the Green Campus Committee, student organizations, and academic departments.
  - Students actively engaged in discussions, shared ideas, and volunteered for future initiatives.
4. Resource Management:
  - The committee successfully managed event resources, including venue arrangements, promotional materials, and logistics.
  - Waste segregation bins were strategically placed, promoting responsible disposal.
5. Positive Impact:
  - Plastic Free Day had a positive impact on campus culture. Students expressed enthusiasm for ongoing efforts to minimize plastic use.
  - The event reinforced our commitment to environmental stewardship.

### Next Steps:

1. Follow-Up Workshops:
  - Organize workshops on recycling, composting, and upcycling to sustain the momentum generated by the event.
  - Continue educating students about the long-term benefits of reducing plastic waste.
2. Community Engagement:
  - Extend our outreach beyond the campus. Partner with local communities and organizations to promote plastic-free living.

### Acknowledgments:

We extend our heartfelt gratitude to all participants, volunteers, and sponsors who made the Plastic Free Day celebration a memorable and impactful event.

## Conclusion Report and Outcome

### Of the Event

The Green Campus Committee successfully conducted a comprehensive survey to evaluate the current state of environmental management at our college. The survey focused on four key areas: waste management, energy conservation, water preservation, and greenery enhancement. The initiative aimed to identify areas for improvement and engage the student body in sustainable practices.

#### Key Findings

- **Waste Management:** The survey revealed that while there are adequate waste bins around the campus, recycling practices are not widely adopted. There is a need for better segregation of waste and increased awareness of recycling benefits.
- **Energy Conservation:** The findings indicated that a significant amount of energy could be saved by optimizing lighting and air conditioning usage, especially during off-peak hours.
- **Water Preservation:** The survey identified several leaky faucets and inefficient water usage in landscaping. There is potential for water conservation through the installation of low-flow fixtures and rainwater harvesting systems.
- **Greenery Enhancement:** The campus has a good amount of green space, but there are opportunities to increase biodiversity and create more green zones.

#### Recommendations

Based on the survey results, the committee proposes the following actions:

- Implement a campus-wide recycling program with clear guidelines and proper facilities.
- Conduct energy audits to identify areas for efficiency improvements and implement a campus-wide energy-saving campaign.
- Install water-saving devices and repair existing fixtures to reduce water wastage.
- Develop a greenery enhancement plan that includes planting native species and creating additional green spaces.

#### Outcome

The college administration has acknowledged the survey findings and expressed support for the proposed recommendations. A task force will be formed to oversee the implementation of the initiatives, with the Green Campus Committee playing a key role in monitoring progress and ensuring the successful execution of the sustainability plan.

#### Conclusion

The survey has provided valuable insights into the environmental management of our college. It has also successfully engaged students in sustainability efforts, fostering a culture of environmental responsibility. The Green Campus Committee is committed to working with the college administration to implement the recommended actions and continue to promote a sustainable campus environment.

## Conclusion Report and Outcome *Of the Event*

We are delighted to share the outcomes of our "World Earth Day" celebration and plantation program organized by the Green Campus Committee. Your active participation and commitment made this event a success, and we are grateful for your dedication to environmental conservation.

### Event Highlights:

- Climate Action: Small individual actions collectively contribute to combating climate change.
- Committee members and participants engaged in lively discussions:
- Monthly Green Challenges: We agreed to launch monthly challenges to encourage eco-friendly habits. Look out for upcoming themes!
- Committee members are researching composting methods for implementation across campus.
- We plan to collaborate with other student clubs for joint environmental projects.
- Over 25 saplings were distributed.
- Participants planted trees in designated areas, creating green spaces within our campus.
- Each tree represents our commitment to a healthier environment.
- During the closing session, we collectively pledged to:
  - Reduce plastic usage.
  - Conserve energy.
  - Promote sustainable practices.

### Outcomes:

- Students and faculty gained insights into environmental issues and solutions.
- The event sparked conversations about responsible living.
- Our campus community came together, fostering a sense of responsibility.
- Students expressed enthusiasm for ongoing initiatives.
- The newly planted saplings are thriving, enhancing our campus aesthetics.
- Composting bins will soon be strategically placed for waste management.

### Next Steps:

- Committee members will oversee tree care and maintenance.
- Regular updates on tree growth will be shared.
- Participate actively in monthly challenges.
- Encourage others to join the movement.
- Strengthen ties with other clubs.
- Explore joint events and awareness campaigns.

Thank you for contributing to a greener future. Let's sustain this momentum and make every day Earth Day!

## Conclusion Report and Outcome *Of the Event*

The Green Campus Committee successfully organized an awareness program on reusable waste management with active participation from students, faculty, and staff. The program aimed to educate and inspire our college community to adopt sustainable practices and reduce our environmental impact.

### 1. Engaging Sessions:

- The program began with an informative session on the importance of reusable waste. Participants learned about the environmental consequences of excessive waste generation and the role of individuals in mitigating these effects.
- Best practices for reusing materials, minimizing single-use plastics, and proper waste segregation were discussed.

### 2. Interactive Discussions:

- Attendees actively participated in discussions, sharing personal experiences and practical tips.
- Questions related to waste reduction, recycling, and composting were addressed by our expert speakers.

### 3. Waste Survey:

- The survey was distributed among participants to assess their current waste management practices.

### Outcomes:

- Participants gained a deeper understanding of the impact of waste on the environment.
- Many expressed a commitment to making conscious choices to reduce waste in their daily lives.
- Students pledged to:
  - Use reusable water bottles and containers.
  - Avoid single-use plastics (straws, bags, etc.).
  - Participate in campus-wide recycling programs.

### Conclusion:

The Green Campus Committee acknowledges the positive response from the college community. We are encouraged by the enthusiasm shown during the program and commit to the following:

- We will organize workshops to delve deeper into specific waste reduction strategies.
- Topics will include composting, upcycling, and responsible e-waste disposal.
- Monthly campaigns will reinforce reusable waste practices.
- Posters, social media content, and campus events will keep the momentum alive.

The Green Campus Committee extends its gratitude to all participants, speakers, and volunteers.

## Conclusion Report and Outcome Of the Event

As the Green Campus Committee, we successfully observed "No Smoking Day" on [insert date]. This initiative aimed to create awareness about the harmful effects of smoking and promote a smoke-free environment on our campus. Here are the key outcomes and conclusions:

### Outcomes:

1. Increased awareness about smoking hazards.
2. Reduced smoking incidents on campus.
3. Strengthened commitment to a smoke-free environment.
4. Improved overall air quality and cleanliness.

### Conclusion

1. Awareness Campaigns:
  - We conducted awareness campaigns through posters, flyers, and social media graphics. These materials emphasized the risks of smoking, second-hand smoke, and the benefits of a smoke-free campus.
  - The response from students, faculty, and staff was positive, and many actively participated in sharing the campaign messages.
2. Pledge Drive:
  - A campus-wide pledge drive encouraged individuals to commit to a smoke-free lifestyle. Many students and staff members pledged to quit smoking or support others in their journey.
  - Pledge cards were displayed prominently across campus.
3. Smoke-Free Zones:
  - We reinforced smoke-free zones by placing clear signage near entrances, common areas, and designated spots.
  - Security personnel monitored compliance and politely reminded individuals not to smoke in prohibited areas.
6. Next Steps:
  - We plan to continue promoting smoke-free habits beyond "No Smoking Day." Regular reminders, educational sessions, and collaboration with student organizations will be essential.
  - Monitoring and evaluating the long-term impact of our efforts will guide future initiatives.

In conclusion, our collective efforts made "No Smoking Day" a success. Let's continue working together to create a healthier and more sustainable campus for everyone.
